

SRBS Achieved NAAC Accreditation

Accreditation is the process by which the quality of learning at various educational institutions is evaluated. Accreditation is the guarantee that the program of the institution has been verified by experts and has proven trustworthy and of a high standard, which is an indicator of a good investor. SRBS took up the challenge to achieve NAAC Accreditation in 2019. The journey commenced in February 2018. The Director and faculty worked tirelessly to adhere to all the guidelines and benchmark processes. The result was that Team SRBS could achieve the feat in record time. The IQA Application was filed on March 2018, SSR was submitted in September 2018 and Peer Team visited in the month of February 2019. SRBS achieved B++ Grade with 2.79 points (equivalent to 70% achievement).
