No suggestions.

Good.

NA

Don't change faculties at every semester.

Need to make academics strong, also need make extra practical sessions according to specialization industry.

Need to provide good/relevant placement.

Case studies should be involved.

No exposer, no Industrial visits.

Less and inexperienced faculties.

Poor placements.

a) Professors should improve their English

b) Lectures must start and end on time

c) The level of discipline must be increased in the college

None

Motivation, Concentration & Observation

More Field training

Give/take prompt constructive feedback, Give a hint to a student where he/she need improvement

New market trends, Case studies, Companies articles

Some teachers only provide PPTs and they tell us to study from that which doesn't make sense

Most of the subjects are taught at fast pace.

Proper Notes should be provided.

Comprehend students understanding

Include current case studies

Make students understand how it'll be of use in the future

Give more real examples

Active learning engages students in the learning process by encouraging them to participate actively, rather than being passive recipients of information

Personal observation, good consultation, right mentor was found in the faculties.

No suggestions

Nothing

(1) The teaching staff shouldn't be changing constantly. (2) Listen to the student's feed about the staff. (3) The teaching staff should be experienced.

Mock interview and grooming sessions should be taken on every week

Institute is the best nothing needed.

Stable staff, proper timing and learning environment.

We even lost the count how many teacher came and left again. We were told of getting an internship by college (never happened). As a BAMMC there was zero field knowledge. Please be fair to other course y'all provide not only architecture and hotel management.

Teaching staff should be improved.
