"THE AWARENESS CAMPAIGN ON CYBER FRAUDS"

The Sheila Raheja School of Business Management and Research (SRBS) conducted awareness session on "The Awareness Campaign on Cyber Frauds" on 21st June 2023. Sheila Raheja School of Business Management and Research, Sheila Raheja Institute of Hotel Management and L S Raheja School of Architecture have collectively participated in the session. The event was organized in association with Rotary Club of Bombay West & Mumbai Police - Cyber Crime.

With smart phones, social media, and digital transactions are part of our daily lives. There is an increase in online frauds such as; those on matrimonial websites, online dating websites, credit/debit card fraud through social engineering, online Ponzi schemes, phishing, blackmail, etc. The aim of the program was to educate the students about the dangers of internet and cyber-crimes. The topics covered in the awareness campaign on Cyber frauds are: fake profile, search engine edit fraud, sextortion fraud, investment fraud, electricity bill fraud, cyber bullying, online grooming, defamation, online games and internet safety.

The session was very informative and insightful, as the participants reported that they gained an understanding on how to use social media platforms safely and responsibly as well as to keep their personal data safe from cyber-crimes. The students were also educated on how to use Cyber Cell when in a crisis situation.

Deputy Commissioner of Police, Dr. Balsing Rajput, enriched our students and staff members with his words of wisdom. Around 150 participants participated in the same. Mr. Dharmendra Sharma – President Rotary Club, Mr. Shyam Wadhvani – Hon.President Bombay Suburban Art & Craft Education Society, Mr. Arvind Tiwari-Hon. Gen. Secretary Bombay Suburban Art & Craft Education Society, Dr.Harish Kumar S. Purohit – Director, Sheila Raheja School of Business Management shared the dais along with the Key Note Speaker Dr.Balsing Rajput, DCP Crime Detection, Crime Branch, Mumbai.

A little fast paced for my understanding.

Topic was related with researchers only. How a UG student can perceive this knowledge is really a question.

Duration was short and topic was huge

Questions beyond the scope should not be taken. An email could be sent by the participants and responded to by you later. It takes away the focus of the FDP.

The 2nd part was not able to understand since it would have been hands on practice

Can't say...it was good

No sir

lecture was good with great knowledge.. Coming to suggestions I am just at a starting of writing a problem statement and getting into the process so I can comment more..

It would be helpful if you can conduct a session on writing objectives & hypothesis based on the knowledge acquired from the bibliometric analysis

I liked the platform used for the FDP. The host and the Subject Matter Expert were both skilled. All queries were resolved properly and important information was shared in detail. Thank you very much.

**Under Faculty Development Program participation in
Research Studies in the Commodity Ecosystem - Disseminating Findings**

Introduction:

The purpose of this activity report is to provide a summary of my experience attending a research FDP (Faculty Development Program).

About research FDP activity:

Multi Commodity Exchange of India Ltd. (MCX), as part of an educational and research initiative under MCX Investor Services Fund, in association with Commodity Participants Association of India (CPAI) organized on 20/06/23 a research seminar "Research studies in the Commodity Ecosystem – disseminating findings", wherein the researchers from Acies Consulting and IIM Lucknow, presented the findings of their research studies.

Observations & Learning's from FDP activity:

The research seminar was held in Mumbai in an offline mode. The event featured researcher and experts in the field, who delivered presentations on their latest research finding and advancements in the following area:

- A. Evaluating Risk Management Tools in Indian Commodity Derivatives Market (by Acies Consulting)
- B. Regulatory Landscape in Equity Derivatives versus Commodity Derivatives Markets in India (by IIM Lucknow)

Takeaways from the research studies seminar:

1. The seminar aimed to provide a platform for knowledge sharing, collaboration and intellectual discussions among attendees.
2. The Acies' study provides emphasis on the risk management tools being used in the Exchange traded derivatives market including margins, price limits, collaterals, settlement guarantee fund, etc. and their efficiency.
3. The study by Prof. Kushankur Dey Faculty, Centre for Food & Agribusiness Management, IIM Lucknow focuses on regulatory landscape in equity derivatives versus commodity derivatives markets in India at microstructure level covering net worth, institutional participation, risk management, etc.

All participants were informed that the above mentioned studies will be made available on the MCX website under research studies section shortly.

Report of the work related to AICTE/Mumbai University by Prof.Sandeep Kudtarkar

AICTE

- 1) IRM-AICTE collaboration to further Enterprise Risk Management(ERM) education in India

Context

Risk is part of all our lives. As a society, we need to take risks to grow and develop. From energy to infrastructure, supply chains to airport security, hospitals to housing, effectively managed risks help societies achieve their objectives and vision. In a fast-paced world, the risks we have to manage are evolving quickly with many inter-connected events consolidating and creating a catastrophic impact on individuals, organizations, and economies. We need to make sure we proactively manage these risks so that we can minimize their threats and maximize their potential.

While traditional risk management focuses on the analysis of limited areas of risks, Enterprise Risk Management (ERM) is an integrated and joined-up approach to managing risks across an organization and its extended networks. The Institute of Risk Management (IRM), world leader in ERM qualifications and examinations (Level 1 to 5) across 140+ countries defines ERM as a process that aims to help organizations understand, evaluate and take action on all their risks with a view to increasing the probability of success and reducing the likelihood of failure.

“The Covid-19 crisis has made everyone in the education sector realize risk management pretty well in terms of continuance of classes,

For Sheila Raheja School of Business
Management & Research

Director

examinations admissions and new academic sessions. AICTE & IRM being the world leader in ERM professional Qualifications across 143 countries have partnered to prepare institutions for the uncertain world and make students risk-ready with an important skill of risk management.”

Prof. Anil D. Sahasrabudhe – Chairman-AICTE

“We invite AICTE approved institutions to make the most of this collaboration and participation in all initiatives. With IRM’s examinations now available at 360 exam centers in India and the introduction of National Education Policy 2020, there couldn’t have been a better time for your students to the IRM India Affiliate and AICTE publication will help us decipher the need for the literacy and enterprise education in India.”

CEO-IRM India Affiliate

- I) Prof. Sandeep Kudtarkar on behalf of SRBS has participated in by-invite online survey and shared thoughts that would support the IRM-AICTE research publication on risk-literacy and risk-intelligence in Indian Higher Education Institutions.
- II) Prof. Sandeep Kudtarkar on behalf of SRBS attended the webinar on “Enterprise Risk Management in a post-Pandemic world” organized by ASSOCHAM on Monday June 21, 2021 at 3PM.

Report of the work related to AICTE/Mumbai University by Prof.Sandeep Kudtarkar

AICTE

- 1) IRM-AICTE collaboration to further Enterprise Risk Management(ERM) education in India

Context

Risk is part of all our lives. As a society, we need to take risks to grow and develop. From energy to infrastructure, supply chains to airport security, hospitals to housing, effectively managed risks help societies achieve their objectives and vision. In a fast-paced world, the risks we have to manage are evolving quickly with many inter-connected events consolidating and creating a catastrophic impact on individuals, organizations, and economies. We need to make sure we proactively manage these risks so that we can minimize their threats and maximize their potential.

While traditional risk management focuses on the analysis of limited areas of risks, Enterprise Risk Management (ERM) is an integrated and joined-up approach to managing risks across an organization and its extended networks. The Institute of Risk Management (IRM), world leader in ERM qualifications and examinations (Level 1 to 5) across 140+ countries defines ERM as a process that aims to help organizations understand, evaluate and take action on all their risks with a view to increasing the probability of success and reducing the likelihood of failure.

“The Covid-19 crisis has made everyone in the education sector realize risk management pretty well in terms of continuance of classes,

For Sheila Raheja School of Business
Management & Research

Director

examinations admissions and new academic sessions. AICTE & IRM being the world leader in ERM professional Qualifications across 143 countries have partnered to prepare institutions for the uncertain world and make students risk-ready with an important skill of risk management.”

Prof. Anil D. Sahasrabudhe – Chairman-AICTE

“We invite AICTE approved institutions to make the most of this collaboration and participation in all initiatives. With IRM’s examinations now available at 360 exam centers in India and the introduction of National Education Policy 2020, there couldn’t have been a better time for your students to the IRM India Affiliate and AICTE publication will help us decipher the need for the literacy and enterprise education in India.”

CEO-IRM India Affiliate

- I) Prof. Sandeep Kudtarkar on behalf of SRBS has participated in by-invite online survey and shared thoughts that would support the IRM-AICTE research publication on risk-literacy and risk-intelligence in Indian Higher Education Institutions.
- II) Prof. Sandeep Kudtarkar on behalf of SRBS attended the webinar on “Enterprise Risk Management in a post-Pandemic world” organized by ASSOCHAM on Monday June 21, 2021 at 3PM.

Faculty Development/Achievements

The achievements of our faculty members are a source of immense pride and inspiration for our entire academic community of SRBS. Their dedication to teaching, and community engagement has contributed to the Institutes' reputation. The impact they have on our students and the broader academic community is appreciable. As we celebrate these achievements, we look forward to many more years of continued growth, innovation, and excellence in education.
