Field Visit to SPTBI (Start-up incubation cell)

Date: 2nd April 2024

Brief Description:

- Date of the event - 26th February, 2024
- Time - 10am
- Number of Students that participated - 23
- Number of Faculty Members that participated - 01
- Mode of Conduct - Offline

The Institution Innovation Council of Sheila Raheja School of Business Management and Research organized a **Field Visit to Sardar Patel Technology Business Incubator, a start up incubation cell**. It offered a unique and insightful opportunity for students to gain inspiration to become accomplished entrepreneurs. The visit aimed to provide students with first-hand accounts of the challenges and triumphs faced by successful innovators in their entrepreneurial journeys.

Objectives

- To gain insights into how the business incubation cell operates on a day-to-day basis. This includes understanding their processes, services offered, and the overall ecosystem they provide for startups.
- To provide an opportunity to see firsthand the types of businesses being supported, their progress, challenges they face, and the support they receive from the incubation cell.
- To identify and learn from the best practices implemented by the business incubation cell which includes innovative approaches to mentoring, funding, networking, or providing resources and support to startups.
- To understand the impact of the incubation cell on the local ecosystem and the broader community.

Learning Outcomes

- Students gained a comprehensive understanding of the startup ecosystem, including the role of incubators in fostering entrepreneurship, providing support services to the start ups.
- Students learnt about the challenges faced by startups, such as funding constraints, market validation, product development and various other facets of an entrepreneurial venture.

For Sheila Raheja School of Business
Management & Research

Director

- Students gained exposure to the various facilities and infrastructural support provided to the Start ups by the incubation cell.
- Students learnt about the impact of the startup incubation cell on the entrepreneurial ecosystem, including various aspects such as job creation, revenue generation, and success rates of incubated startups.
