Rare Entertainment Success = Business Acumen + Passion Not ONLY Passion

"The way to make a small fortune in entertainment is start with a large one. The business of making comics and turning them into TV shows, motion pictures and merchandise is challenging and complex... Valiant Entertainment was exceptional. His [Jason's] success in reviving Valiant from the ashes is a rare and admirable feat."

The Fakir

In the mid-19th century, an abandoned young boy took refuge in the village of Shirdi in western India.

Unknown in name, origin, or religion, he lived alone as a beggar in a rundown mosque on the village's outskirts for 30 years. He led a simple life, spending his days in meditation, prayer, and offering guidance to those who sought out his help - often blunt and forthright when conveying his advice and parables to the people. In his journey of helping others, there were incidents that were beyond logic and explanation, such as healing of the sick.

As word spread about his teachings and special abilities, people flocked to him, and he gained a devoted following. He became known as a fakir (holy man) and was named

Sai Baba (Saintly Father).
